Steyning Grammar School are committed to providing the best learning experience for our students and preparing them for the wider world outside of school. We believe that this means providing pupils with access to technology. We want each and every pupil to have their own personalised learning device which they can use at school and at home. We would like carers to be able to purchase this technology in a way that best suits them. We want students to be able to use the technology safely and securely with carers and the school managing their use. In order to provide seamless access to technology, we have partnered with Freedom Tech to launch the Tech 4 Learners 1 to 1 device programme.

About Tech 4 Learners

Tech 4 Learners is a 1 to 1 parental contribution programme for schools run by educational finance specialists Freedom Tech. Freedom Tech have a strong background in education and partner with leading manufacturers and resellers in education technology. They are financially stable and wholly owned by CSI Leasing, one of the world's largest leasing companies with over \$1.6 billion in assets.

“We want to provide each and every pupil with their own personalised learning device which they can use at school

How it works

Parents will make fixed monthly payments to access the technology. There is also an option to pay in full if this is preferred.

For parents and students, Tech 4 Learners offers:

- An iPad 8 32GB for students, a personalised learning device students can use at school and at home
- Enhanced learning outcomes through consistent access to technology and powerful learning resources
- **Fully covered technology - each device is protected in the event of accidental damage or theft, for the duration of the programme**
- Device management - the iPad is controlled by parental controls at home and school controls when in school
- A tough case to protect the iPad
- Several repayment options that give the ability to pay in manageable monthly payments
- The device is yours at the end of programme at no extra cost

The device

10.2" iPad Wi-Fi 32GB

The iPad combines the power and capability of a computer with the ease of use and versatility of a more portable device. It is flat and portable so easily sits on a the student's desk. It is reliable and handles video, pictures and audio recordings with ease; unleashing creativity. It works with all three IT platforms used in school, Apple, Microsoft and Google.

How technology helps students learn

Having their own iPad helps personalise the curriculum for all students. They will get seamless access to lesson resources which are designed to make the most of technology. They will receive personal feedback on their progress with real impact. Being competent with technology is becoming increasingly important and we want to ensure students build these digital learning skills and are as prepared as possible for a digital society. Studies suggest that suggest students are better motivated and engage more when they are given frequent and consistent access to technology.

Payment breakdown

12 months £43.18 / month

24 months £23.03 / month

36 months £16.31 / month

Terms available with no credit check

Cash option £489.21

FAQs

How long can I spread the payments over?

8, 20 or 32 months depending on how long your child has left at the school.

What happens at the end of the agreement? On your final payment the device becomes yours.

Will there be any credit checks?

No everyone is approved and there aren't any credit checks. What is the excess on the insurance policy? There is no excess on the either the insurance or warranty and you will receive the policy details with your device.

How do I make an ADT or warranty claim?

You will be provided with a policy and claims document detailing how to make a warranty or insurance claim.

Can they use the device at home?

Yes the student can use the device to further enhance their learning and we recommend that you set your security setting on your Wi-Fi accordingly.

How many devices can I order?

One per student at the school.

What happens if I miss a payment or can no longer afford the device?

You will have to return the device; you will not own the device until the final payment is made.

What if I my child leaves the school?

You must return the device to the school or alternatively pay the outstanding payments to take ownership of the device.
