

“The school has designed an ambitious curriculum that builds towards clear end points.”

Ofsted, May 2026

Creativity & Sport

We offer all students the opportunity to develop interests and skills which will continue to enrich their lives long after they leave school.

We celebrate the creative progress and development of young artists, designers and performers. Our arts events throughout the year allow us to celebrate student progress and achievement. Extra-curricular opportunities are extensive and include specialist art workshops, music lessons, technology clubs, drama clubs and cultural trips nationally and internationally.

Sport and physical activity is an important aspect to life at SGS. We are fortunate to have outstanding sports facilities on site and offer an extensive programme of co-curricular sports and physical activity clubs. Every year we compete in numerous local, regional and national competitions with considerable success.

SGS Boarding

At SGS we offer affordable full, weekly and flexi state boarding options, with outstanding pastoral care. Enquiries can be made via email to sgsboarding@sgs.uk.net.

Our boarding options, with Ofsted Outstanding pastoral care, are an ideal fit for students who want the advantages of a familiar UK day school, set in a beautiful location.

The atmosphere amongst the boarders is a happy, fun-filled one, and relationships between the different ages, backgrounds, nationalities and genders is instantly noticeable, creating a real sense of community and a home-from-home. Academic support is available seven days a week, giving students every advantage possible to ensure their success.

“Parents express strong satisfaction with their children’s boarding experience. They consistently identify the high level of staff support for boarders as a key strength.”

2027 - 2028

“ Pupils are kind, courteous and have warm and positive relationships with staff. ”

Ofsted, May 2026

Why Choose Steyning?

A school with a **400 Year History of Excellence**, much loved and respected within its community.

Character Education

built into the curriculum.

Experienced and knowledgeable teachers

deliver a range of highly engaging, well resourced subjects.

A wide variety of **enrichment and extra-curricular clubs and activities**.

Christian vision is at the heart of the school.

Steyning Grammar School is a vibrant and exciting Church of England day and boarding school, focused on supporting the learning and development of every one of our students. Family values and outstanding relationships underpin all that we do.

We are part of the Bohunt Education Trust - a high achieving, supportive and dynamic learning community whose ethos is encapsulated by three simple words: enjoy, respect and achieve.

Our success is based on an approach which combines the highest expectations with a sensitivity to learners' individual needs, concentrates on maintaining the very best standards of learning and teaching, and takes every opportunity to recognise and reward achievement.

Aidan Timmons
Headteacher

Flourish at SGS

Our aim is that every student flourishes at Steyning Grammar School; we want to help every child find their talent. We have a comprehensive programme in place that ensures all of our students are well prepared for their examinations and are proud of the fact that our results identify us as a very successful school. However, we also recognise that for children to grow up and be happy and successful adults, we need learning to be wider than just about their academic outcomes.

“ Students and adults flourish at Steyning Grammar because the Christian vision is at the very core of the school. ”

SIAMS inspection 2024

Steyning Grammar is a leading school in the delivery of 'Character Education' - the development of positive character strengths in children that will help them to flourish at school and beyond into adulthood.

A Supportive, Safe and Caring Environment

Our ethos is underpinned by the **'Steyning Family'**, where everyone matters and is given the same chance of success. Whilst we encourage students to become independent learners, we also provide support and guidance to ensure each student is encouraged to reach their full potential. Every student has a Form Tutor and they are encouraged to participate in the life of the Tutor Group and in the school as a whole. Heads of Year liaise closely with the Form Tutors, monitoring academic progress of students, whilst pastoral support is provided by non-teaching staff. This ensures that every student is encouraged to achieve with challenge and support.

“ Pupils' individual needs are a priority for staff at this caring school. 'We are not just a number,' one pupil said and this is a view shared by many. ”

Ofsted, May 2026

A Broad and Balanced Curriculum

Our priority is effective learning built upon high academic ambition and strong character values. Our carefully sequenced curriculum provides every student with the opportunity to achieve excellent examination outcomes while unlocking their full potential. We believe that students should enjoy their time at school - we want your child to be confident, comfortable and challenged both during lessons and during co-curricular activities. Digital technology is one of many tools that teachers and students use across the School to help ensure that world-class learning takes place, designed to help every child flourish.

“ Leaders work tirelessly to improve the school. The impact of this is evident throughout. ”
